Love your wheels but not the payments?
Refinance your Vehicle Loan at the CU

You love your new wheels. The monthly payments? Not so much. It may be time for a do-over. Bring your vehicle loan paperwork to the credit union and we'll help you figure out if refinancing your loan here is in your best interest. For example, we may be able to reduce the annual percentage rate you are paying on your loan, either reducing your payment or helping you pay the loan off faster. That means you'll pay less over time and the total price will be reduced. If you are really feeling a financial pinch because of unexpected expenses, we can often extend the terms of your loan, and thereby allowing the payment to fit your budget. At the credit union, we're here for you, not the financial institution's or dealer's stockholders. We'll help you get back in the driver's seat and take control of your payments. Give us a call to find out how.

Tap into the value of your house with a

HOME EQUITY LOAN

One of the best ways to pay for home improvements is with a Home Equity Loan. A Home Equity Loan allows you to tap the equity that's accumulated as the value of your home has risen at the same time the amount you owe on your mortgage loan has dropped. You may get an immediate payback if the improvements make your home more energy efficient, therefore lowering your utility bills. In the future, the improvements may make your home more attractive to buyers. So put that equity to good use. Call, click or stop by the credit union for details.

Share the benefits of CREDIT UNION MEMBERSHIP

Friends don't let friends, nor their family members, pay too much for financial services. That's why you'll want to share with them the benefits of belonging to the credit union. Here's where they will not only find competitive rates on savings and loans, but a variety of products and services to help them manage their personal finances. While for-profit financial institutions have their shareholders to answer to, the credit union is a not-for-profit financial cooperative that exists only to serve its members. So please pass the word about the credit union difference. Your friends and family will thank you for helping them discover that difference and how it can help them achieve their financial goals. For more information about sharing the benefits of membership, visit our website or contact the credit union.
